# LARGE FORMAT & MULTIFUNCTIONAL PRINTERS

A complete portfolio delivering the highest standards and excellent print quality

DREAM BIGGER

and enjoy endless possibilities with the new imagePROGRAF PRO Series.

# UNLEASH A WORLD OF POSSIBILITIES

Take advantage of our complete range of Large Format Printers. Boasting unbeatable productivity, enhanced security features, compact designs, high speeds and superb print quality for technical drawings, posters, fine art prints and more.

imagePROGRAF PRO-4100

#### Assured quality with Genuine Canon Inks

Our Large Format Printers work in harmony with genuine Canon inks to deliver the reliability, quality and value you expect from Canon. Genuine Canon inks are quality controlled to ensure consistent high-quality printing, bringing even the highest density images to life with excellent transfer performance and maximum reliability.

#### Quality you can depend on

High quality is a given with Canon's Large Format Printers. Expect maximum precision, colour accuracy, large-scale consistency and vibrant reproduction time after time.

#### Ink: the defining feature in printing

Our production and photo printers feature either 12 or 8 LUCIA PRO pigment inks and offer incredible colour diversity, supreme clarity and density.

The proven light resistance of LUCIA PRO pigment inks produces vivid colours across a large colour gamut. While the clear ink Chroma Optimiser ensures prints showcase expressive blacks, superior clarity and glossiness, and impressive gradation in dark areas. The result is unprecedented quality, increased scratch resistance and no graininess or bronzing effects.

For CAD and GIS printers, the LUCIA TD pigment inks enable high-precision drawings to be economically created, featuring fine lines and the sharpest text, even on uncoated plain paper. Excellent colour performance means vibrant posters are also easily produced.

#### CAD and GIS – the difference is in the detail

For CAD and GIS applications, precision counts. Incredible line accuracy and precise image reproduction are critical – count on Canon Large Format Printers to deliver.

#### Be a Poster Artist

Get creative with printers perfectly suited to visual merchandising. That means productive printing, specialist software and outstanding vibrancy for posters, banners and signs that will turn heads.

#### Professional performance

The imagePROGRAF PRO Series printers feature 8 or 12 colour pigment inks that offer up to 100 years of light resistance for prints that will always stand the test of time.

#### For your business

Create posters and roadshow materials effortlessly in-house. Use scale to improve office communication. Aid project communication through greater clarity and the use of imaginative, water resistant media. Bring every creation to life effortlessly with fully-featured software.

#### For Fine Art prints

Fine art printing in large format is becoming ever more popular. Outstanding image reproduction and unbeatable colour accuracy ensure that prints are always produced in gallery-ready form.

#### For photographic prints

Reproduce photographic work flawlessly. Canon Large Format Printers offer image quality that's perfectly balanced, incredibly detailed and brilliantly vibrant.

#### imagePROGRAF TM-300 MFP T36 TM-305 MFP T36

36 inch large format MFPs for CAD, GIS and Poster printing production

- 5 colour Lucia TD Pigment Ink System (Black, Matt Black, Cyan, Magenta, Yellow)
- imagePROGRAF TM-305 MFP T36 includes a built in 500GB HDD
- Standard memory 128GB with 2GB Physical memory for the TM-305 MFP T36

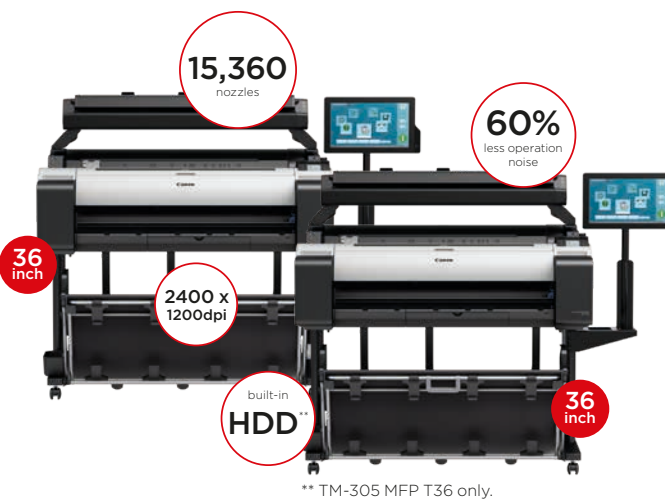

- 15.6 inch flat panel, touch screen display for scanner\*
- 6 inch per second colour scanning
- Single roll capability

- SingleSensor\* Technology delivers accurate document scanning with crisp text and sharp lines
- Ideal for indoor and outdoor applications including use of Water Resistant media

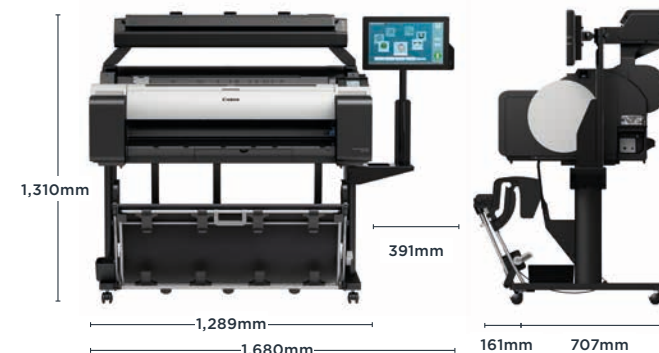

- Scanner\* controls: STOP, Advance/Rewind, LED status
- Maximum scan length\* 8m (JPEG/PDF) and 15.2m (TIFF)
- Maximum document thickness 2.0mm

- SmartWorks MFP V5 software included\*
- Bundled starter inks: 130ml (Matte Black) and 90ml (Black, Cyan, Magenta, Yellow)

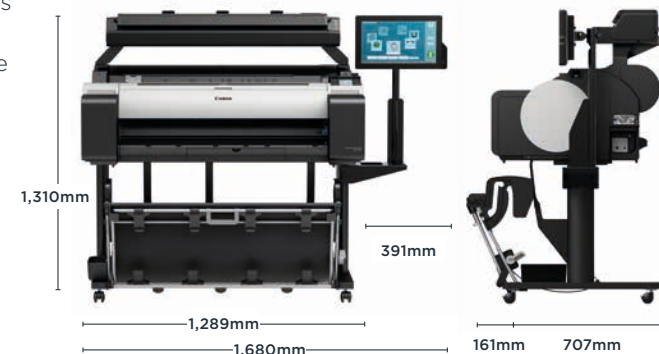

- 130/300ml ink tanks (available)

#### TM300 + T36

#### TM305 + T36

#### imagePROGRAF TM-200 MFP L24ei TM-300 MFP L36ei

36 inch and 24-inch large format MFPs for CAD, GIS and Poster production

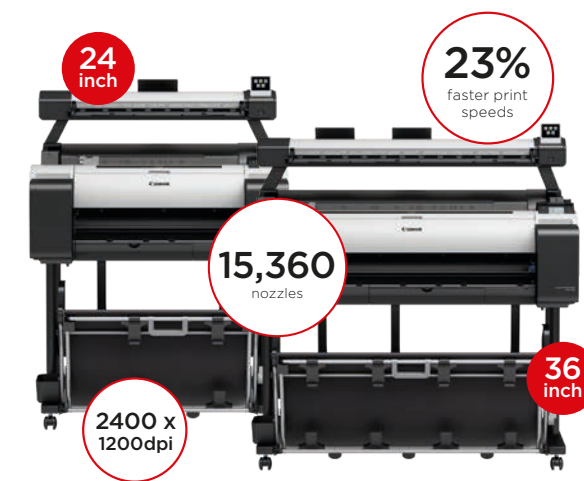

- 5 colour Lucia TD Pigment Ink System (Black, Matt Black, Cyan, Magenta, Yellow)
- 2GB standard memory
- User-friendly, 3-inch flat panel touch screen display for scanner\*
- Single roll capability

- 60% less operation noise due to dampened fans, fewer vibrations and streamlined cutting
- Lightweight and compact design with full front usability for easy operation

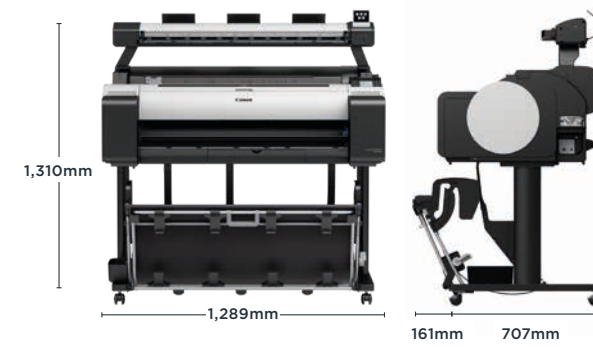

- SingleSensor\* Technology delivers crystal clear lines and text, as well as bold colours
- Dedicated ScanApp Lei\* Software boosts productivity with continuous scan and copy to cloud, USB and PC

- Ideal for indoor and outdoor applications including use of Water Resistant media
- Bundled Starter ink: 130ml (Matte Black) and 90ml (Black, Cyan, Magenta, Yellow)

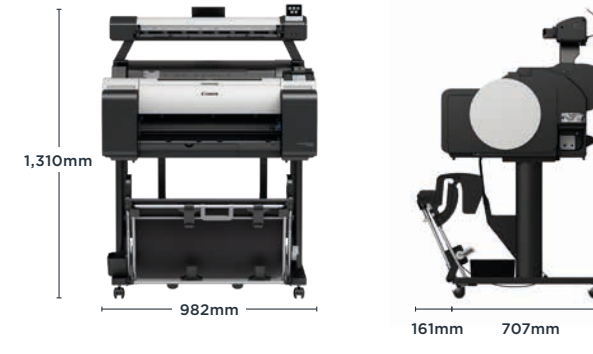

- 130/300ml ink tanks (available)

#### TM300 + L36ei

#### TM200 + L24ei

#### imagePROGRAF TX-4000 MFP T36 TX-3000 MFP T36

Canon TX series MFP with T36 scanning solution

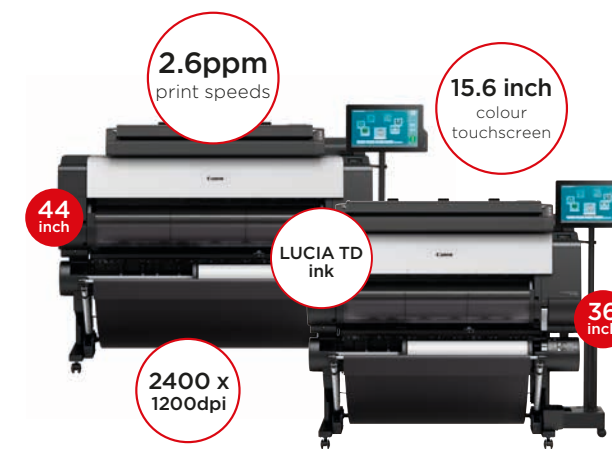

- Intuitive execution of printing and scanning tasks using the 15.6 inch (39.6cm) large touch screen and new SmartWorks software
- Available in two versions: as an all-in-one (AIO) version with integrated Windows PC or as a version that can be controlled via an external PC (PC required)

- Superb scanning quality thanks to Colortrac SingleSensor\* technology that enables consistently high performance
- Scan accuracy:  $\pm 0.1\%$ ,  $\pm 1$  pixel

- Scan speed at 200dpi: 24 bit color: 152mm/sec, 8 bit grayscale and monochrome: 330mm/sec
- Optical resolution: 1200dpi

- Scan modes: RGB (24 bit), indexed RGB palette (8 bit), 256 grayscale (8 bit), monochrome printing (1 bit)
- Max. width: 914mm (subject width: 965mm), max. scan length: 15.2m (TIFF), max. document thickness: 2mm

- Standard interface scanner: SuperSpeed USB 3.0
- Scanner software: SmartWorks MFP
- Productivity: simultaneous printing and scanning

#### TX-4000 MFP T36

#### TX-3000 MFP T36
